## From the editor's desk

Welcome to the latest edition of the next chapter in the Whaletales story. As you are all aware, Bev stepped up and for the past few years did an exemplary job building Whaletales into a monthly newsletter everyone in the region could be proud of. We hope to keep the membership informed of region news and upcoming events. The position of full-time Whaletales editor is open so if anyone has a desire to become more involved in the club and would like to take on the role, or even just contribute an article or photos, feel free to reach out to Curt or Shaun.

## From the President — Cool and Crisp—Fall is finally here!

The end of September and the first half of October were certainly busy. The annual Waterfalls and Schnitzels Tour hosted by Shaun and Dee Starnes was held a week or two earlier this year and the weather was fantastic for a drive into the upper sections of Marinette county.

We had about 20 cars for the tour. We took the long drive up to Long Slide Falls and then took a more leisurely drive to four other parks and waterfalls on the way back. We took a brief stop for a picnic lunch at the half way point where everyone got to relax and chat. There are pictures of the falls further down in this issue and on the back cover.

The P&B Motorsports event ended up getting postponed due to weather. The rescheduled picnic and gathering ended up on October 5th. There were several car clubs at that event. In addition to some of our members, the British Car Club and several racing and other car enthusiasts attended. The event was another beautiful day and a driving tour lead by the British Club drove part of the Yellowstone trail. The Yellowstone trail, I learned, was a route from the early days of motor cars when nationwide highways and maps did not exist. Literally marked by Yellow Stone markers, the trail mapped out a route from coast to coast early auto travelers could follow from marker to marker as they adventured across the country.

I missed the Zuffengruppe event at the Burlington airport because of the reschedule of the P&B event. Fortunately, Al Fisher from our club attended and sent a brief article and some pictures. I included those in this issue.

Another member, Bob Hawley, was invited to display one of his cars at Luftgekuhlt 11. An accident involving Bob's son, and planned co-pilot for the drive to North Carolina for the show, meant they couldn't drive the car out but they were still able to attend. Bob sent his notes on the event and lots of photos. Luft is normally only held on the west coast so the event being on the east coast was a first. Check the article and photos in this issue.

Check it Out was also held this month in Chicago. This is a Porsche car event held on the street in Chicago on the near north side. Several blocks are closed down for the day. It is a fantastic event. Food, people and P Cars. It's sort of like Appleton's License to Cruise but larger and all Porsche.

I took some time to finally rebuild and fix the shifter in the 1973 914. It had issues earlier in the year and was occasionally nicking reverse when shifting into second. I replaced the plastic bushings with a bronze rear bushing from Patrick Motorsports and the front one with a spherical bearing from Tangerine Racing. In addition, I rebuilt the shifter itself with new springs and guides. The results are amazing. The shifts are tight and precise. This is the best this car has felt in the 30 years I've owned it.

My next project is a rebuild of the tail shifter in the 914/6, which is a finicky beast. I will also be adding puddle and door handle lights to the Cayman. That upgrade was sparked by a conversation with fellow member Greg Rigoni about his upgrade to his car.

## Porsche Design Unveils the Chronograph 1 – PCA Member Edition

Porsche Design honors the 70th anniversary of the Porsche Club of America with a new edition of the Chronograph 1. Exclusively made for a special community, PCA members now have the opportunity to customize Porsche Design's most iconic timepiece that was originally designed by F. A. Porsche in 1972.

Creating a special sense of community amongst members, this new timepiece features the PCA logo and "PORSCHE CLUB OF AMERICA" lettering, and optionally a personalized club region name stated on the case back. The made-to-order watch will not only come with a titanium bracelet, but also two sportive textile straps in vibrant Club Blau, one featuring the PCA logo and the other the PCA 70Y anniversary logo.

This was the first time I have attended the Zuffen-gruppe Interklassik. As a pilot, the airport location caught my attention. I arrived early in my 1990 Audi 80 and was the first in line for the pancake breakfast (served out of a hangar). Everything was quiet during breakfast but the Zuffengruppe soon turned out to be a huge event. There was a line of cars a mile long to get in. Many participants had Illinois plates on their Porsches.

A Russian training jet and a Russian MIG put on an Airshow. Interklassik means vintage cars from all German manufacturers. An owner of a 1992 Puch SUV told me that underneath it was all Mercedes but was labeled a Puch in certain Eastern European countries. The Zuffengrppe event is definitely recommended for fans of German cars (and airplanes).

This 1953 Series 1 Land Rover lead the driving tour hosted by the British Car Club at the P&B Motor-sports event. The owner chased the car through two owners before he was finally able to acquire it. The car is an all original aluminum body over a steel chassis. The owner learned to drive in one as a boy in England and found this one here near Oshkosh.

**Luftgekuhlt** means air-cooled in German and **Luft 11** means Mecca in any language in the Porsche air-cooled world (1948-1998). Created by Patrick Long, Porsche factory driver and LeMans winner, it was first time the event was held on the East coast. Approximately 400 cars were on display, with over 10,000 attendees admiring the art on wheels around the repurposed campus. My son Nate and I travelled to Durham, NC to the American Tobacco campus for this year's event.

My 81 911SC moonstone had been chosen as a display car, but unfortunately a broken collarbone in a mountain biking accident prevented my son from assisting in the driving duties. The lack of coming with our car however in no way diminished the incredible experience. The cars displayed covered the full range of Porschedom! Vintage racers, outlaws, safaris, street racers, restomods, perfect originals and Classic Porsche Restoration winners represented the eye watering display. Fortunately, none were for sale or I'd be looking for a fulltime greeter job at Walmart. Looking forward to another Luft, hopefully bringing a display car.
