From the editor's desk

Welcome to the latest edition of the next chapter in the Whaletales story. As you are all aware, Bev stepped up and for the past few years did an exemplary job building Whaletales into a monthly newsletter everyone in the region could be proud of. We hope to keep the membership informed of region news and upcoming events. The position of full-time Whaletales editor is open so if anyone has a desire to become more involved in the club and would like to take on the role, or even just contribute an article or photos, feel free to reach out to Curt or Shaun.

From the President — Spring is sputtering as summer is near

I hope you all had a chance to celebrate Mother's Day with your family. I spent some time with my mother, my mother-in-law and my wife. While the

weather wasn't awesome, there was enough sunshine to make the days enjoyable and put the flowers into bloom.

I made the trip out to Carlisle PA. for the Central PA Region swap meet. For the first time in the past few years there was no rain for the event. The vendors had everything from 356 to late model 911 parts available. Stoddard, Restoration Design, Fabspeed, Soul Performance and several other companies also had booths. I managed to find quite a few items for the 911 and 914 projects in the shop at reasonable prices. I came back with the back of the Macan loaded up with parts.

The Coffee and Cars at the Cupola Cafe last year was a great event. We had about 40 cars show up last year with Porsche owners visiting Door County stopping by when they saw Porsches parked at the Nicolet Bank in Egg Harbor. The event will be held May 30th this year. Once again the Cupola Café will have coffee and their amazing pastries and galettes. Parking will be in the Nicolet Bank parking lot. The bank is open on Saturday morning so please leave the drive through clear and unobstructed.

The first weekend in June we will be heading to the Stoddard meet in Cleveland. This is part swap meet, part car show, part lit and toy show and part annual gathering of Porsche guys for barbeque and car talk.

If anyone is heading to Porsche Parade in Lake Placid, I look forward to seeing you there and remember to meet other members of our region and Zone 13 at the Zone Meet Up. I know at least one other Fox Valley Region Member that is going.

I had a member ask if we could do more tech sessions. I am working with one local shop to try and get a session scheduled. If there are some specific tech sessions you would be interested in, drop me a note and we will see if we can get a session set up.

It's that time of year again to get maintenance completed on our cars before taking long summer drives. If you have a PDK transmission the fluid changes are now recommended more frequently than the owner's manual lists. Brake fluid needs to be flushed every couple of year as should the antifreeze in any water cooled cars. Fluid intervals in the owners manual are frequently updated to shorter periods as experience indicates the fluids deteriorate more quickly than originally thought. Brake pads, belts, hoses and tires should all be checked to insure they are in good condition as age may make them less than safe under the warmer driving temperatures.

With the warmer weather finally looking like it is here, remember to get out and enjoy a drive. Summer temperatures and sunshine are coming soon, I promise.

From our Social Chairperson

The Annual Trout Springs Potluck will be held on July 26th at the winery. Last year Steve DeBaker showed us some of the Italian statuary that he is installing at the winery. This year they have added ax throwing. The axes are non-lethal, made of plastic, and Steve says they create a fun competition. The time for the potluck is 1:00 PM. Everyone will be required to bring a dish to pass around, and Trout Springs Winery will do Annie's famous hamburgers. People can call ahead to coordinate dishes, or tell them what they will be bringing when they RSVP. Please RSVP by July 19th so Steve and Andrea can plan for the head count. The Winery is located at 8150 River Rd, Greenleaf, WI 54126. You can RSVP by calling the winery or email stevenjosephdebaker@gmail.com. The website link can be found at this [link](#).

Editorial Policy

Whaletales is your official source for news of FVR events (past, present, and future) and is proudly distributed monthly by the Fox Valley Region of the Porsche Club of America. Statements and opinions appearing in Whaletales are those of the authors, and not necessarily those of PCA, FVR, the Board, or the Editor. The Editor reserves the right to edit all material and to publish only material that is felt to be in the best interest of FVR-PCA. Other regions are welcome to reprint Whaletales articles, provided that the source and author are credited.

Email addresses are maintained by PCA at <http://www.pca.org> (login and select "Membership" - "Member Service" - Member Record" from the menu) and member email address changes must be made through PCA national.

To have your questions, comments, articles or pictures published in Whaletales, email the Interim Newsletter Editors – Shaun Stamnes – sstamnes@netnet.net or Curt Maas - clpa439@gmail.com – no later than the 25th of the month preceding publication. Submit your vertically oriented photos for possible use as the cover photo or back page, Photo of the Month, picture.

The Lincoln Trail PCA is excited to host "Porsche Promenade" at the 100 Anniversary Mother Road Festival on September 25-27th. The cars, the music, the fun and nostalgia that Route 66 has brought to generations will return for a 25th year, rolling into historic downtown Springfield. We aim to display over 50 cars, with invitations sent to the PCA groups in Chicago, St. Louis, and Southern Indiana. Chip Foos and Dennis Gage have already confirmed to be at this event.

This event will cost you \$50 to register and display your car, you will also receive a commemorative T shirt.

AutoCross Q&A

Fox Valley region members are invited to a fun day of autocross at Road America's Motorplex on May 3. The event is hosted by the PCA Milwaukee region. For those who are new to autocross, here's a Q&A that covers the topic.

What is autocross?

It's a timed, relatively low-speed, driving event on a short course with some elevation changes, turns and some straightaways. Drivers are timed as they negotiate the course. Participants are sent out on the course at intervals so there are no more than two out on the course at one time and those two are separated by several minutes.

Who can attend?

Anyone with a valid driver's license – minor drivers (less than 18 yrs old) must have a driver's license and have a Minors Waiver form signed by a parent or guardian for the event.

What cars are allowed?

Porsche and non-Porsche vehicles are allowed. Sorry no EVs and SUVs for this event. Convertibles are allowed, however if the car is heavily modified you will need to have a roll bar or roll over protection system in working order. If your car has racing harness you must have a neck protection Hans device.

Is it a competition?

Yes but it's all for fun and there are no wheel to wheel racing – cars go one at the time. First, you are competing against yourself...trying to be faster than your last best run. And there is also competition among the participants as drivers are grouped into classes based on the vehicle they are driving. For example, 911 drivers are in one group; Boxster/Cayman drivers are in another group, etc. There may be subgroups within the major groups as well. Awards for the fastest time in each group are usually awarded and there may be a fastest time of the day award as well.

Does my car need special equipment?

No. It needs to be mechanically sound with good brakes and tires, and no leaks. Working brake lights, secure battery, working seat belts, lug nuts and bolts torqued. No loose items in the vehicle.

Do I need special equipment?

Yes, a helmet. Valid 10 years from year manufactured:

- Helmets must be certified in accordance with one of the following standards: Snell SA or SAH, FIA for racing automobiles, SFI 31.1, or BS6658-85 type A/FR

- Helmets expire at the end of the 10th year after the year of manufacture.

Our [autocross page](#) has information on where you can purchase your own helmet.

What about clothing and footwear?

Clothing: long pants such as jeans or cotton-based pants are best suited to protect against fire, albeit pretty rare in autocross settings. 100% synthetic clothing should be avoided.

Footwear: No open-toed sandals, flip flops or otherwise loose fit footwear.

What else should I bring?

Bring your own beverages and hydrate often. If you don't drink enough to go to the bathrooms during the day, you're not drinking enough. Bring a lunch or other snacks. Depending on the day, Road America may have a concession stand open where you can purchase food. That may not be the case so be prepared to have something with you.

Am I required to work the course?

Yes, we do have volunteers, but everyone is expected to work at least as a corner worker between sessions to help reset cones that may have been hit by competitors and flag drivers to slow down as needed to ensure safety and fun for everyone. Work assignments will be provided the day of the event.

What is the day like?

8 a.m. to 9 a.m. Check-in and Car Tech Inspection Bring all required forms, including [Tech Inspection Form](#).

9 a.m. - 9:30 a.m.: Walk the Course

9:30 a.m. - 10 a.m.: Drivers' Meeting. At this meeting we will assign groups, with the intent that when one group drives, the other works the course and vice versa.

10 a.m.: First cars out. You will have one session in the morning and one in the afternoon.

Lunch break around noon.

More runs in the afternoon.

Event concludes around 4 p.m. followed by awards ceremony for the top drivers of each class.

Because we limit the number of registered cars, we aim to have a lot of runs in each session!

I've never done AX. Will I have an instructor for my first run?

We have limited instructors available and you can request one, however it's so easy to follow the track at the Road America Motorplex, that you probably won't need one.

How do I sign up?

Go to <https://msreg.com/pca-mke-may3-ax>

I don't want to run in the event, but can I volunteer?

Absolutely, please contact auto-cross@porschepark.org and we'll be happy to have your help with:

- Morning registration
- Tech inspection
- Start/finish
- Timing

Questions, email:

auto-cross@porschepark.org

Pure Porsche

Your Porsche deserves the very best.

At Kellymoss, our singular focus on the Porsche brand combined with championship-winning dedication to excellence delivers the specialized expertise your Porsche needs to look incredible and perform exceptionally.

Our comprehensive Madison-area shop offers everything your Porsche needs, whether you're a P car owner or automotive service provider. **For Fox Valley-area clients, please inquire about our pick-up and delivery service.**

- **Engine Solutions** - tear-down / rebuilds; performance upgrades; vapor blasting and cleaning; and more
- **Wiring Looms** - custom systems for racing and street; troubleshooting and consultative services
- **Professional Detailing** - ceramic coating; paint protection film
- **Custom Interiors**
- **Vinyl Graphics**

Where are you and your Porsche going to be on Aug. 21?

You could have the opportunity to unleash your Porsche's potential—and yours—on Aug. 21 if you join us for our HPDE day at the track.

Are you a Porsche owner who cherishes the precision engineering, the exhilarating performance, and the pure driving joy your car delivers? Have you ever wondered what your magnificent machine truly feels like at its limits, or how your own driving skills stack up in a controlled, safe environment?

Then get ready to experience your Porsche in a whole new dimension, because the Milwaukee region is inviting you to its High-Performance Driver Education event (HPDE).

This isn't just another car show or a casual cruise. This is your opportunity to truly connect with your Porsche and elevate your driving prowess. Our HPDE is designed specifically for owners who want to explore the incredible capabilities of their vehicles, all while under the guidance of professional instructors.

Imagine mastering cornering techniques, perfecting your braking points, and understanding the nuances of weight transfer – all on a dedicated racetrack where safety is paramount and the only limit is your willingness to learn and push yourself.

This exciting day will bring you closer to your car and improve your skills.

The Milwaukee region's annual HPDE event at Road America is on Aug. 21. It's an all-day event that provides:

- Lots of track time (Five 30-minute sessions),
- Novice classroom sessions with Larry Boyer—he's the best,
- A chance to learn/expand the capabilities of both you and your car.

To participate, you need to register at [Motorsportreg.com](https://www.motorsportreg.com) (see below). You should also check the DE page on the Milwaukee region website for more details. On this site you will find more details about the event, learn

where to have your car tech'd and review the car prep needed to have a fun-action packed day. Note, you can have your car tech'd at any shop of your choosing.

As always, if you have any questions drop us an email at DE@porschepark.org

Registration is open here. [<https://www.motorsportreg.com/events/milwaukee-pca-driver-education-de-road-america-686549>]

More about the Milwaukee region's DE event: [<https://www.porschepark.org/page/20>]

PCA Treffen at Sea 2026

Six-Day Pacific Wine Country Cruise

Join hundreds of PCA Members on the 4th Annual Treffen at Sea with Princess Cruises, from Saturday, September 19th to Friday, September 25th, 2026. We will set sail from Vancouver, Canada, to Los Angeles, CA, with stops in

San Francisco and Santa Barbara. Experience fun Porsche and partner seminars, special on-board events and activities, unique Porsche themed beverages, wine tastings, and incredible in-port experiences in partnership with local PCA Regions.

More information: pca.org/events/treffen-at-sea-2026-pacific-wine-country

PORSCHE CLUB OF AMERICA

The photos below document the process of adding door handle lights and puddle lights to my 981 Cayman. The LED module and Puddle light unit are available from Porsche. The Wiring harness needed to add the lights can be ordered from a company in England. The process of installing everything takes about an hour per door. To enable the lights you need to use a PIWIS III system and add the feature through the engineering menu.
