Rick and Kaye Slater

FROM THE PRESIDENT

From the President Laura Prellwitz

Eine Nachricht vom neuen Präsidenten.....

January is often symbolized by the two faces of time; one looking back, the other looking forward. Reflecting back, I want to thank Rick Slater for his leadership in our club the past two years. He is to be commended for facilitating meetings, socials, and a multitude of other tasks with enthusiasm, integrity, and honesty. He left some very high standards for me to match.

Looking forward, I'm quite sure I'm clueless as to what I've gotten myself into by trying to fill his shoes. I must admit, I have some deficit areas. I know nothing about Robert's Rules of Order. I prefer to accomplish tasks by consensus. My mechanical and technical skills consist of knowing the engine of a Porsche is in the rear of the vehicle, (except for the 928, 944, 968, Cayenne and nine models of farm tractors*), how to put gas in the tank, and how to lift the bonnet so I can stash the shopping bags from the mall after I've filled up the back seat. My concept of racing is, "Can I make across the intersection before the yellow light turns to red?" Therefore, I plan to "mine the gold" around me and to keep our club growing and progressing. Each one of our members has something to offer; a talent, skill(s), information, ideas, time, etc. I encourage you to showcase your talents. Please don't be timid about volunteering or actively participating. Or, if you're approached about an activity, consider saying "yes". This is your club!

The Fox Valley Region covers a large geographic area. While a majority of members reside in the Appleton and Green Bay vicinity, it's important to consider those that live along the lakeshore, and far to our north and west as well. To make our club's activities more accessible and inviting to those folks, I want to vary the location of monthly meetings. Some may be closer to your home, others further away. If something is a little further away than in the past, consider it an opportunity to get behind the wheel and enjoy driving your Porsche (I know our 911 gets cranky if it's kept inactive in the garage too long, so keep your car happy and hit the road!)

Many of you know I've organized many social events over the past several years. I certainly want those kinds of activities to continue, but planning/hosting those plus fulfilling the new responsibilities as your president is overwhelming. As you can see from the calendar in *The Whaletales*, we will have monthly meetings the first Tuesday of each month, often combining it with a tech session, social, etc. I sincerely appreciate the help and support already given by Jamie Prellwitz, Bill Hewitt, Andrew Opicka, Doug Richter, Gordon Skog, Jim Stephenson, Steve DeBaker, Roy and Darlene Geigel, Ryan Jacobson (new general sales manager at Bergstrom Porsche) and Jim Janes for giving their time and talents to get events underway for the remainder of 2008. Please support them by attending their functions, or by offering to host one of your own.

Additionally, I would like to see our club become more involved in community service projects or charity work. By the fact that we are all Porsche owners, we are truly more blessed than some others in our region. I believe we have an obligation to share with those who are less fortunate. Please share your suggestions for legitimate charities with any board member.

On a personal note, I want to sincerely thank my husband, Jamie, for his unconditional support. He is truly a Porsche-phile! I don't think I even knew what a Porsche was until our first date in 1983 when he told me of his goal to someday own a 911. He continually amazes me with the depth and breadth of knowledge he possess about Porsche history, production, etc. (see * above on page 3 paragraph 2. Did you really think I knew **all** that?). I also need to thank him for teaching me, with great patience, how to drive a manual transmission, so I can now enjoy driving such a wonderful vehicle.

At this point, you may be thinking, "A blonde female is now our club's president? Does the sun now set in the north?" Change can be a little unsettling. However, to quell some anxieties, here are some facts about me you should know:

1. The rumor that I once attempted to steal a police car because I thought it was a Porsche isn't true. Yes, it did say "911" on the door, but when I saw the engine was missing in the trunk, I knew something was wrong.

Continue reading on the following page...

FROM THE PRESIDENT

- 2: I have not owned a BMW, because I can spell P-O-R-S-C-H-E.
- 3: I know that it is a *Porsha*, not *Porsh*. It is a two-syllable word.
- 4: I know that a Spyder is a car, not an arachnid.
- 5: I believe a trip to Treffen would be great fun.
- 6: Cayenne S is not a variety of pepper.
- 7: I have gotten out of a speeding ticket by telling a police officer it takes a lot of wind to cool thirteen quarts of oil, but luckily it worked, and it won't happen again.
- 8: On another occasion, I explained to an officer that 125 mph on I-43 is a perfectly reasonable speed and I only slowed down from 145 mph because I realized I had crossed the Atlantic and wasn't on the Autobahn anymore.
- 9: I know that Stuttgart isn't a condiment, appetizer, or something in a spice rack.
- 10: My house is painted Guards red. The front door is speed yellow and the trim is Zermat silver.
- 11: I know the difference between the Autobahn and Cinnabon.
- 12: Ich spreche ein bisschen Deutsch.
- 13: Ich bin am Hoffbrau Haus in Munchen getrunken worden.
- 14: I have taken out the radio, carpets, and unnecessary trim and back seats, etc. because it makes the car lighter and faster. Besides the only people who will ride with me have their own Porsche anyway, so I don't need any of it.
- 15: I actually enjoy my commute to work!
- 16: I like my spouse, but I love my car.
- 17: When I teach my students how to count and they say, "3-5-6", I place them on the honor roll.
- 18: I have actually learned to tell the difference in sound between all sport/race cars and I compare Porsche to Mozart.
- 19: Do I really speak German or do I know how to use www.freetranslation.com effectively?
- 20: I promise to have at least one successful campfire/bonfire annually. Gordon Skog says I have a "weather curse" that gets most of them rained out. However, it occurs to me that he is always there when this happens, too. Coincidence?
- 21: **I promise this will be the longest essay I will ever compose in the newsletter ever again.**

Our next meeting is a "drive and dine" on Tuesday, February 5, at the Hearthstone restaurant on 326 East Main Street in downtown Hilbert. (They host a car show there yearly in September, too.) Board members will meet from 6:00 – 6:30. A social and dinner for ALL members will immediately follow. Please R.S.V.P. no later than Friday, February 1, to fvrpca@yahoo.com. The food is excellent and the menu offers fire-baked pizza, sandwiches, home made soups, and full dinners at moderate prices. Please mark your calendar and attend. Old and new faces are always welcome. Keep the Gemutlichkeit going!

Sincerely,

Laura Prellwitz

DECEMBER NOTES—2008 CALENDARS

DECEMBER ACTIVITY NOTES:

On the snowy Tuesday of December 4th we met at Victoria's in Appleton for an enjoyable dinner night thanks to Larry Rogers making the arrangements. Food, fun and stories seem to be our club motto lately.

FROM WITHIN THE 13TH ZONE

From Within the 13th Zone – December 2007

Holiday Festivities

It feels strangely like winter even though the calendar still indicates it is autumn. While autumn was still in full swing, the Fox Valley Region had a blast doing a fall tour that included a ferry ride filled with Porsches across Lake Michigan. A recap was recently published in Panorama; congratulations to the Fox Valley Region for sharing their story and submitting it to Panorama. Kentucky Region not only had fun with hosting their Annual Autumn Derby, but also had a successful weekend hosting their Putnam Park Pumpkin Run DE.

The weekend prior to Thanksgiving, the Chicago Region celebrated a Fast 50 Years of Porsche Club held at the Butterfield Country Club. Some 200 members came out to enjoy the history and festivities. President Chuck LaMantia did a great job as MC and PCA National Secretary, Manny Alban attended and spoke during the evening's festivities. Congratulations to the Chicago Region on their 50th Anniversary of a Porsche Club Charter.

Lincoln Trail has been working on the possibility of hosting a Teen Driving Program in Spring 2008. The region is currently working out the logistics; additional info will follow as it becomes available. Lincoln Trail will also be celebrating 45 years of being a Porsche Club of America in 2008. Another exciting tidbit is that the Blue Grass Region is planning to host the PCA Executive Council Spring Board meeting in April 2008 in Lexington, Kentucky. Watch for more details of these exciting events and many more in 2008.

National News

The Executive Council gathered just prior to Rennsport III in Daytona for their Fall Board Meeting.

Betty Jo Turner reported that for the end of 2007, that advertising income within Panorama is up, but so are the costs of printing the publication. Ken Laborde advised that the "908" lawsuit finally has closure. PCA's insurance carrier has requested statistical data about the incidents that have occurred this year during driver education events. Vu Nguyen reported that the National Office is doing well and an open house was held in September with approximately 150 guests visiting. Prescott Kelly and Bob Miller advised that Porsche AG and PCNA have stepped up again in sponsoring Porschplatzes at most of the ALMS races in 2008.

Tom Bobbitt reported on the most recent "Escape to American History" that was hosted by the Potomac Region. Perhaps due to the relocations, the event had about 85 Porsches and 150 attendees. Kurt Gibson reported that "Escape to the Land of Enchantment" that will be hosted by the Road Runner Region will include a PCA off road event. As a reminder, PCA's DE committee has a new 2008 harness guidelines going into affect. Kurt is working on trying to find an insurance carrier that might be willing to underwrite track DE insurance. Many auto insurance companies have changed the language within their policy that may exclude an event held at a facility for racing.

Bruce Boeder, announced that licensed club racer counts are holding steady. A club race will be held at VIR (Virginia International Raceway) with former PCA President, Tom Bobbitt being the race chairman. Timing Tech travel expenses will now be covered by the Club Racing Committee to assist the Region's with their race weekend expenses.

Manny Alban confirmed the 2008 Winter Board meeting will be January 31 – February 2 in Ft. Worth, Texas. Carolyn Ewbanks, National Membership Chair has composed the latest "Region Focus" on the topic of Membership Retention. The article is available on the club's website and is worth reading.

It's not the cars, it's the people. Go out and start enjoying the Porsche Passion! Until next time... Happy Holidays to all, and to all a good night!

FVR-PCA LIBRARY—AUTO CLINIC

The library has a home at the AUTO CLINIC in Neenah (By Jimmy Haen) - REMINDER

The books, DVDs and tapes are located in a beautiful cabinet in the waiting room at the Auto Clinic. If you are interest in checking out a book or tape, stop by anytime,...or give Gordon or Josh a call to see what hours they will be there.

The checkout process is still the same,... and easy as can be:

Pull the “library checkout card” out of the media, sign & date it, then slip it into the white index card box in this cabinet. Keep the stuff as long as you’d like, but please don’t forget to return it!

If you’re returning stuff, simply take the correct “library checkout card” (number should match the spine of your book) out of the white box, re-insert the “library checkout” card into the cardholder on the book, and away you go!
We haven’t lost any media to date, but it’s based on the honor system. It’ll be a little harder for me to chase “long over-due materials” from their new home, but it might be a lot easier for you to grab or return materials from this Valley location.

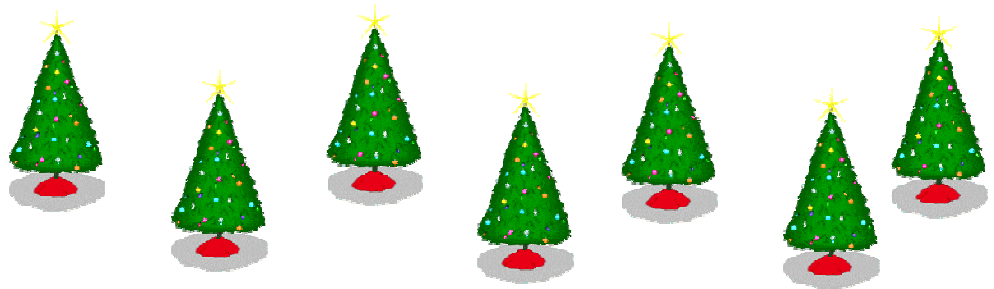

So keep up the good work!

Any questions or concerns?
