FROM THE PRESIDENT

From the President
Rick Slater

Greetings All;

The weather Gods smiled on us for our **Door County tour on June 3rd**. Plenty of rain fell here in Appleton. On the tour we only got a few minutes of sprinkles. The county road following the lakeshore back to Sturgeon Bay was the most fun I have had under the speed limit. **Thanks to Bill Hewitt for coordinating the fine outing.**

Our next event is approaching quickly July 14th, beginning at 11am. Steve and Annie of **Trout Springs Winery** will host a cookout and tour of the winery and the fish rearing operation. Don't miss this chance to visit their outstanding operation. The raffle will include wine and Road America tickets. You must be present to win.

Members are asked to bring a dish to pass. The club will be providing the meat and buns.

Please RSVP to me at fvrpcal@new.rr.com no later than Tuesday July 10th, so we can get a count for purchasing the groceries.

MEETING NOTES—JUNE 2007

June 3, 2007

A die hard group of 7 Porsche motorcars carrying 13 members from the Fox Valley Region PCA took advantage of the “free day” offered by the State of Wisconsin to tour three state parks at no charge. With Bill Hewitt, our tour guide in the lead, we toured Potawatomi and Peninsula State Parks.

We stopped for a lunch break at the Mink River Basin Supper Club where an eighth Porsche that was visiting in the area joined us for lunch. After lunch most of the group continued up the peninsula to visit Whitefish Dunes State Parks. While the weather didn’t fully cooperate, we lucked out with a pretty dry day. Other than a few minutes of misty rain, we traveled without Targa or Cabbie tops most of the day.

I’d like to personally thank Linda and Bill Bein for donating the June Sprints tickets that I had the good fortune of winning from the raffle. (The club has additionally donated tickets to two other RA races this summer so be sure to attend the July and August events for your chance to win too!)

Be sure to mark your calendars and RSVP for this summer’s events including:

The picnic in July at Trout Springs Winery hosted by Steve and Annie.

The car show in Manitowoc this August hosted by Laura & Jim Prellwitz.

We’re looking diligently for a volunteer to take over the Holiday Party. The format does not have to follow past years. Let your imagination run. If you would like to host, please let a board member know of your interest.

June 13, 2007

Our first impromptu dinner night in the last ten years was held at Mackinaws Grill & Spirits in Green Bay. Jim & I waited to just under a week prior to the date to announce even though we had worked out the basics with the restaurant weeks before. The experiment worked out great! The real point is if you’d like to do something with the club, do the legwork yourself and let President Rick email the membership of your intent. It’s as simple as that. Putting together this dinner night didn’t take much effort, and we had great time. Why not step forward and invite the club to your favorite restaurant or attraction?

Mackinaws have a most beautiful casual rustic atmosphere with a ton of taxidermy and old world decor. Sunny, warm weather brought a turn out of 18 fellow Porsche enthusiasts together.

Pat Quinn, the proprietor of this and many other fine Green Bay restaurants, is also a vintage Porsche 911 Targa owner. His restaurant, “Mackinaws”, was recently voted “Best in the Bay” by Green Bay Press Gazette readers. He even tossed in a few bottles of wine with dinner with his complements. Pat is also our newest member as he joined during our dinner meeting – Welcome Pat!

John joined us from our “sister” Region in Milwaukee. He reminded us that events listed at their site are always open to both clubs and we should check out their web site at www.Porschepark.org

The club offers \$20 per meeting toward purchase of raffle prizes. The proceeds of this raffle then brought in \$32.00 for our charities. Just ask Rick for prize purchase authorization for your event.

Sincerely
Mary Haen

PORSCHE CLAIMS TOP SPOT IN KELLEY BLUE BOOK'S 'BRAND WATCH' STUDY
Latest Award in String of June Triumphs for Famous German Brand

ATLANTA, June 22, 2007- In the span of about two weeks, U.S. car buyers have put Porsche at the top of their lists in major automotive surveys.

Yesterday, Porsche was awarded the number-one consumer selection in Kelley Blue Book's "Brand Watch" study—a comprehensive look at automotive perceptions for the U.S. buyer. Porsche was ranked No. 1 in the Convertibles/Sports Cars segment.

This is the third consecutive major consumer award Porsche has received this month. June 6, **Porsche was ranked as the top nameplate in the J.D. Power and Associates' highly contested Initial Quality Study (IQS) for the second year in a row.** A week later thousands of new car owners chose the **Porsche Boxster** as the No. 1 most satisfying sports car in the United States by Auto Pacific. These latest accolades confirm the high esteem Porsche continues to command in the world's toughest car market.

With results readily available to vehicle manufacturers, auto industry insiders and outsiders, Brand Watch is unique as it examines perceptions of automotive brands within specific categories, such as Convertibles/Sports Cars and Luxury Sedans. In order to attain the most accurate information, Kelley Blue Book only interviews active new vehicle shoppers. Brand Watch then collects this data to determine the most highly regarded cars within broad segments. Depending on the segment, this research shows the relative strength of each manufacturer's brand—perhaps the key factor in a car buying decision.

"Perceptions are a key factor and drive car buyers' decisions as to which makes and models will be on their shopping list," said Rick Wainschel, vice president of marketing research and brand communications for Kelley Blue Book. "This report can show manufacturers their relative position against other makes in specific vehicle segments, which strengths to emphasize and which weaknesses may need to be addressed."

PORSCHE 911 GT3 RSR WINS SECOND 24-HOUR RACE IN TWO WEEKS AT AMERICAN FACTORY DRIVER PATRICK LONG LEADS FRENCH TEAM TO GT2 VICTORY AT LE MANS

ATLANTA June 17 -- After missing out on a GT2 class victory last year when leading in the 23rd hour, Porsche returned to the top of the podium in GT2 with a victory for the French IMSA Performance (not related to International Motor Sports Association) Porsche 911 GT3 RSR and the trio of Raymond Narac (France), German factory driver Richard Lietz and American factory driver Patrick Long.

Just last week, the German Manthey Racing Porsche 911 GT3 RSR won the 24 hour race on the Nurburgring with the Porsche works drivers Timo Bernhard (Germany), Romain Dumas (France), Marc Lieb (Germany), together with German Marcel Tiemann.

It was the second career Le Mans win for Long (2004 in the Petersen White Lightning Porsche) and his third podium in four tries as the IMSA Porsche finished six laps ahead of the Risi Competizione/Krohn Racing Ferrari F430 GT of Nic Jonsson, Tracy Krohn and Colin Braun. For the production-based GT race car based on the Porsche 911 GT3, this marked the eighth class win in nine years at Le Mans, and the 34th class win for the Porsche 911 at the Sarthe.

Once we forged a good lead, we reduced our speed in the last seven hours to conserve our car and were able to control the pace at the top of the GT2 class, said Long.

Third position after a race marked with changeable weather conditions went to the Porsche 911 GT3 RSR customer team Autorlando with drivers Lars Erik Nielsen (Denmark), Allan Simonsen (Denmark) and Pierre Ehret (Germany and USA).

The Flying Lizard Motorsports Porsche 911 GT3 RSR, making its third appearance at Le Mans, was forced to retire after ten hours, due to a mechanical driveline failure that could not be repaired. Both Johannes van Overbeek (USA) and then Joerg Bergmeister (Germany) set the fastest GT2 lap times during the early part of the race, but could not replace a cracked transmission case as ACO regulations do not allow teams may not replace an entire transmission, only the transmissions internal components.

FROM WITHIN THE 13TH ZONE

From Within the 13th Zone— June 2007

Rev it Up

The past month has passed like a blink of an eye. Some 14 events filled the month within the Zone. We started off with the Zone 13 President's Meeting on April 28th in Glenview, IL. We had 75% of the regions attending. The issues are the same no matter if a small or large region. Some of the topics were volunteering, member retention and events of significance. If you are a long time PCA member and you see someone you don't know at an upcoming event, go and introduce yourself. Make a new member feel welcome and perhaps you might make a new friend. If you have been a member for a while and participate within events but have never volunteered, give it a try. Offer to help out and see how many new people you get to meet while assisting with the running of an upcoming event. New blood is the lifeline of the future of our club. We need to continue to mentor those that may be the future leaders of our club.

The Chicago Region hosted a Spring Autocross School to introduce the basics of high performance driving within a controlled parking lot environment. Most new drivers were surprised how well their Porsches were able to stop.

The Driver Education event at Autobahn CC was a safe, successful event with some 50 drivers participating within the National DE Instructor program presented by Pete Tremper. Another 70 or so ran within 3 run groups enjoying the full 3.56 mile course located in Joliet, IL. The following week, Chicago hosted a "novice day" for drivers new to driver education. Kudos to the novice drivers for a job well done, learning the proper method for handling your car in a controlled environment. Many thanks goes out to the many instructors who gave up a work day to assist in teaching the novices how to enjoy their Porsches.

Mid-May took me to Mid-Ohio for the Annual Club Race. As fun as the racing always is, the camaraderie of fellow competitors and friends is second to none. It was a bit of a rough go from out paddock camp. Fellow F Class driver, Jeff Phillips experienced a left rear hub failure on Friday. He fortunately sourced two rear stub axles and hub assemblies. The first that arrived was installed on his 944S2. Jeff did not qualify due to the repair. I missed getting to the grid due to a tight schedule. We started at the back of the pack and quickly started making our way through the back of the run group. While having a tough battle with Jeff, my rear stub axle sheared in the 6th lap of the race and I safely came to rest in "Thunder Valley". Thanks to the fellow racers for giving me a fun race to watch from the sidelines. The second "spare" that Jeff sourced was installed on my car but unfortunately, I did not get to run in the second sprint race as the stub axle was still being installed. The drive back from Ohio was almost as fun with fellow racers caravanning back to Chicago.

Last weekend over Memorial Day weekend was the Road America Driver Education (RADE) in Elkhart Lake, WI. Kudos to the RADE committee for putting on another wonderful experience at a great track. For those familiar with Road America, it looks a bit different this year. Billy Mitchell bridge over turn 13 is now "gone". The look is different. Be careful until you get familiar with the new look. In place of the bridge, there now is a Kohler tunnel that goes under the track surface between turn 13 and 14. Big project!

FROM WITHIN THE 13TH ZONE

From Within the 13th Zone— June 2007

There are still spaces available for several driver education opportunities in the month of June. These include events hosted by Milwaukee, Chicago, and Kentucky Regions at Blackhawk, Autobahn and Putnam. Give it a try. You may enjoy it as much as I have!

National Notes

The second raffle by PCA National is under way. The winner will be announced on July 4th at the Porsche Parade in San Diego, CA. The National office has sent out 3000 mailed and 4500 emailed membership surveys. If you receive one, please take a few minutes and fill it out and send it back. It helps us groom Panorama as well as the needs and wants of the general membership.

Porscheplatz III @ Road America

August 10 and 11 will be the days that IMSA and PCNA will be sponsoring the hospitality tent at Porsche Park at Road America for the Generac 500. We will again be in need of some volunteers to help out at the membership station within the tent. If you are available on Friday or Saturday, please let me know so we can plan accordingly.

It's not the cars, it's the people. Go out and start enjoying the Porsche Passion! Until next time...

RACE AGAINST DRUGS at WIR... in KAUKAUNA, WI

Sharing the experience... from Matt Stakes

I have had two races at Golden Sands Speedway in Plover already and did very well with the new truck. Great turn out by fans/kids for the truck and this year I'm handing out signed Race Against Drugs Decals to the kids.

Because of the rain we have not had much luck getting races in at WIR but last night was a very DRY night for racing. Unfortunately it was not a good night for the WI "Race Against Drugs Sport" truck. The truck suffered a major pushing problem for qualifying. The heat race was driver error. I was fourth going to third when the back wheels broke loose and started to hop. I was unable to save it and spun out with two laps to go.

It the feature we were able to adjust the truck to get the hop out of it and within two laps of the race I already passed four trucks. The goal was to use my new clutch set up to pick off one driver at a time while coming out of the corner. And it was working. However, a crashed occurred up ahead and a rookie made the fatal error of stepping on his break to hard and spun his truck. I had know where to go and slammed extremely hard into him. The front of the truck bumper, break components, and especially the front end was destroyed. I was hauled off in the ambulance for precautionary purposes but was quickly release.

Today I am very sore but very frustrated. BUT AS THEY SAY "THAT'S RACING". I hope to have the "RACE AGAINST DRUGS" truck put back together in a couple of weeks and get back out there. I know it wont look that good for the parades and or events now but most of the time kids like to hear about the crashes m
Thanks again for all your support.

PS: I have not been able to take pictures of it yet but when I do I'll send you some.
This email is more for information just in case our PCA club member's hear about the accident.

Here is the truck in action last night. The part that was destroyed was from the start of the truck to the beginning of the wheel well. If I can get some digital pictures of the smashed up truck I'll send them to you. The bumper alone is impressive. :)

A VERY SPECIAL OFFER

Dear Porsche Club Presidents,
Dear Porsche Club Members,

What do you think about extending the summer or having a more intensive winter experience than you had up to now? If you like this thought we can assist you at realizing it. In cooperation with our colleagues of the Porsche Travel Club we made a reservation for two extraordinarily beautiful tours for you. This means that there are special club contingents as these tours are always sold out very early.

The requests for such extra contingents have come up more often lately and our experience has shown that Porsche Clubs have made great demands on the Porsche Travel Club offers. Therefore we are especially glad to exclusively offer you two absolute highlights from the Porsche Travel Club program with this mailing!

The destination for the tours is either Dubai for a desert camp or Camp4 in Finland. In both cases you experience Porsche cars at the limit and only the surface is a different: sand or snow and ice!

For the Desert camp in Dubai we hold a complete tour date only for you from **November 17th to 21st**. During these five days you can „make the Cayenne sweat“ in the dunes around Dubai and exceptional hotels and country-specific activities round off the adventure.

The club contingent accounts to 20 persons (maximum 4 per club) and the registration deadline is July 15th 2007. Please find more information about the program in the documents attached.

For the winter driver training Camp4 in Finland we also offer a determined training date. You will have the possibility to test a range of Porsche models in extreme weather conditions for five days from February **1st to 5th 2008**. In addition the polar circle offers many highlights that you should not miss at all! The club contingent accounts to 30 persons (maximum 10 per club) and the registration deadline is July 31st 2008. The attachment includes all further information and the pictures of Camp4 2007 are self-explanatory!

Due to the fact that these tours are in great demand we kindly ask you to understand the early registration deadlines. However we are looking forward to your registrations and are hoping for a large number of participants from the clubs. In this case a representative from Porsche Club Coordination will certainly accompany the group.

So don't hesitate and register! And if you have any questions please contact us!

With sunny greetings from Ludwigsburg,

Your team from the worldwide Porsche Club Coordination

Additional details on Celebrate Porsche Event—Kohler International Challenge

Check out the additional details about our Celebrate Porsche event during the Kohler International Challenge at Road America on July 21 and July 22. Celebrate Porsche activities will take place within Porsche Park, the Porsche parking area maintained by the Milwaukee Region for use by all Porsche enthusiasts.

Porsche Park will be the site over a two day period for an outstanding display of legendary, vintage Porsche racecars from several premier collections. Highlights of the display will include a 917, a 908/3 and a 908 LH from the Collier Museum, in Naples, Fla.; two Porsches from Joe Buzetta's collection; and two from Mike Amalfitano's stable. There also will be classic Porsches from the 1950s, 1960s and 1970s from among our own members' collections. Following the Porsche feature races on both July 21 and 22 the post race media interviews will be held in the tent at Porsche Park. A concours d'elegance is also planned for Sunday, July 22, at Porsche Park. Details are online.

A membership note: If your membership is due for renewal, please don't forget to send it back to PCA. They do not send reminders, and before you know it you will be deleted and no longer receive Panorama or Whaletales. We really don't want that to happen to you.
