"My friends all drive Porsches," sang Janis Joplin. But this was true not just for her friends—she too owned a Porsche: a 356 SC with a colorful paint job. This rock star on wheels was recently sold at an auction for 1.76 million dollars.

From Your Region's President

Hello to All,

As we celebrate our 240th year of independence, please remember all of our brave men and women who have sacrificed so much so that we can continue to enjoy the many freedoms that so many others across this earth do not have. May God continue to bless our troops and our country. Enjoy this weekend and be safe in all of your activities.

With summer in full swing, I am hoping everyone is enjoying themselves with many traveled miles in their Porsche's. I personally would have liked to have put more miles on but it has been a very busy time for our family. We are planning a trip over the 4th of July week, but we not in our Porsche but through the air like millions of other travelers. We will most certainly be back for the Little Wolf River tubing event hosted by Barb Wilkinson on Saturday, July 9th. Will the weather hold? Let hope so because it is always a wonderful gathering full of fun and laughter. Please make sure if you plan on attending to RSVP to Barb so she can plan accordingly. Additional information is in the newsletter.

On July 31st, Steve and Andrea DeBaker will once again be hosting the Trout Springs Winery potluck social event. This event has been going on for many years and they do a great job every year. Please RSVP as soon as you can, more information is in the newsletter.

I would like to ask all our members that if you have an interesting story, event or experience that you would like to share, please send it to whaletalesFRV@gmail.com by the 20th of each month and we will try to include it in the next edition of the newsletter for all to enjoy. I know that we had several members attend the Parade in Jay Peak, Vermont and I can't wait to see what they might share both in print and photo. I have already seen a few pictures via email.

In closing, I just want to say thanks to everyone that came out to Barb Wilkinson's home on June 18th to help set up the dock, cut some grass, organize the garage, change the tires on the Cayenne, work on a motorcycle, my goodness the list goes on and on. With the weather being fantastic, we had so much fun with everything and then enjoyed a wonderful lunch and sharing stories on the deck. As we always say in our club, "It's not just the cars, it's the people that make this club so great!"

Happy and safe motoring!

Membership has its Privileges

My wife Susan and I have been members of the PCA Fox Valley Region since 2009. Over the years, we have benefited greatly from our membership. The many activities, events, get togethers, a day tour, the Anniversary party last year in Door County, all remind me of the many benefits of sharing a common interest with others in the area. PCA membership has allowed me to meet other people I may have not otherwise met. In doing so, I have had a lot of fun seeing and learning about their cars and have discovered even more about Porsche and what makes the brand so special to each of us.

Based on the benefits I have received as a PCA Fox Valley Region member, I decided to get more involved with the Club. I volunteered to serve as the dealership liaison. The liaison essentially works to coordinate activities between the Fox Valley Region and the local dealerships. For northeast Wisconsin, our primary focus is the Bergstrom dealership and their Porsche team.

We have had several recent events, including most recently, an event where Bergstrom invited PCA members to an event where Maserati was launching a new car. This also provided ample opportunity to view and take a seat in the new 911. Shane Hecker, a member of the Bergstrom Porsche team, arranged to have the 911 started up to allow us to experience the sounds heard only from a 911. It was a great experience, and well attended.

Recently, Shane Hecker invited me to stop by the dealership to pick up a book on the new 718 (Boxster and Cayman) model series. The book will be added to the Fox Valley Region Library for anyone to check out. When I stopped in to visit with Shane and pick up the book, I inquired as to what was new. As it turns out, in addition to the new car selections in stock, someone had just traded in a 2004, 911 Turbo Cabriolet.

I asked if I could take a look at it, and Shane graciously accommodated my request. Something told me not to go look at the 911, because I may end up wanting to buy it. That is exactly what happened. As special as my Cayman R is/was to me, after driving the Turbo, I was sold. The problem was figuring out how to get permission from my wife and work out a deal with Shane.

It took a while to convince my wife that it was in our collective best interest to make the trade. Once accomplished, I called up Shane to make an appointment to visit the dealership for a more detailed inspection and test drive of the Turbo. I must admit that while I love looking at different Porsches, I am always reluctant to want to make a trade. This is, in part, because of the emotional attachment I end up developing with the cars I have owned over the years. Despite the potential opportunity of a good trade, it is easier to give in to inertia and not make a move.

I have bought other cars at Bergstrom over the years and have enjoyed working with their Porsche sales team on each occasion. But I must say that Shane Hecker and Tom Sheetz worked the hardest to earn my business. Both were fair, and easy to work with on the purchase and I left the dealership feeling that I got a very good deal.

What I've learned from my most recent experience is that it definitely pays to get involved with the Club. Membership truly has its benefits, if I may borrow from an old advertising line. You will get to know others you may not have otherwise met, and develop friendships with those who share the same passion for cars you do. Also, you may be presented with opportunities to try to explain to your significant other why you need to consider buying another Porsche. The thrill is in the chase of course, but satisfaction is in the drive, and the 911 is no exception.

By the way, if you have been looking for a well cared for Cayman R, Bergstrom happens to have one available. Talk to Shane if you are interested.

Paintless dent repair extraordinaire. Simply amazing.

That's the only way to describe the magic that Martin and Pat at "Dent ER" (valleydent.com) in Appleton do routinely. These guys welcomed more than a dozen FVR members to an open house of sorts just for us.

Pat even went over to Bergstrom Auto (one of their corporate customers) to bring over a beautiful Porsche Macan turbo to have on hand so we'd feel welcome.

They massaged out a few complicated door dings in my daily driver Cayenne S as we watched intently. I've got to say when Martin approached my door with a nylon chisel and a hammer, and a heavy metal rod of sorts, I got a little nervous....but after an hour or somagic! The door is perfect. Not even the slightest hint that there was ever damage... With absolutely no paint work...

They've got a whole bunch of new customers for life!

I can't say enough good things. If you get a chance, stop in and ask to see their "bragbook"!

I'd like to thank member Dave Olson for ordering and picking up the pizzas for us. It was also nice of member Todd Vanderheyden to bring his car buff sons Max and Matt to an event. Great to see young new faces!

Please patronize these guys at "Dent ER" (920) 749-9000 for being so nice to us by giving up their evening for our benefit.

RECAP June 4, 2016 Wisconsin State Park Trip

This 1 day trip was hosted by Barb Wilkinson in honor of Mark, her husband, who passed away in February. The trip was already planned by Mark who loved the outdoors, parks and nature of all kinds. A special event of this trip was that all State of Wisconsin Parks offered free admission this day only. We all grouped at Mullins Cheese shop and immense cheese factory in Knowlton where we shopped for goodies, cheese and snacks for later on and to take home. From Mullins, we drove to Council Grounds State Park outside of Merrill to experience its beauty, stretch our legs a bit and savor some of our cheese purchases and a variety of tasty snacks. Next, we drove to Rib Mountain State Park to get several breathtaking views high above Wausau and its surrounding countryside. Leaving Rib Mountain, we headed to the Red Eye Brewery in Wausau where we had an early 4:00 PM reservation for our meal of the day. Here we enjoyed great salads and sandwiches plus a selection of some of the 10 plus beers they brew on site. We had a fun time and everyone toasted a beer in honor of Mark for experiencing a great day. After a bit more socializing and relaxing we all said our goodbyes and had an early departure for home.

July 9th Tubing

I am hosting at my home the seventh annual picnic / social and tubing party. For those that would just as soon kick back, enjoy the weather, friends, food, and refreshment; well - come on and enjoy the party! Bring along lawn chairs, lawn games, or other outdoor summertime recreational favorites.

Canoeing or tubing down the Little Wolf River is a local favorite in the summer months. For those that are feeling adventuresome, we will be "putting in" about a mile and a half up the road with one of my private fleet of tubes, which will float you to my back yard in about four hours, depending on water levels. As usual, the optional "beverage barge" will carry the consumables along.

For the guest who prefer not to take part in the river trip, there will also be the opportunity to socialize on the deck as the "tubers" navigate their way through the rapids. I will supply snacks, dips, beef roast sandwiches, water and a sampling of other refreshments.

Please RSVP by July 6 to: barb.wilkinson@charter.net

Join us on Sunday, August 28th for wine tasting and live music at Cold Country Vines & Wines in Carlton WI. Katie Dahl who is very popular in the Door County area will be performing. We will be meeting at the Fleet Farm parking lot in Bellevue, (2460 Main St), at 1:45pm and departing at 2:00pm for the short 30 minute drive to the winery. Wine tasting is \$6 for 5 different choices or you can trade in all 5 choices for 1 full glass of your favorite plus you get to keep the glass! The music runs until 5pm after which anyone who is interested are welcome to enjoy dinner at Gibbs on the Lake, with Dee and I. RSVP's by August 21st would be appreciated. Please specify who will be coming for the wine tour and anyone who wants to come to dinner.

Fall Tour September 23-25, 2016

This year's fall tour will take us through scenic wooded areas and along the shorelines of two Great Lakes in Upper Michigan utilizing highways and curvy, fun to drive, county roads.

The Econo Lodge in Escanaba, MI, will serve as home base. A block of 15 rooms has been reserved under "Fox Valley Porsche Club". There are 10 non-smoking rooms with one queen bed for \$72 per night (plus tax) and 5 non-smoking rooms with two queen beds for \$81 per night. This is a discounted group rate. Reservations are on a first come, first served basis. The tour is being capped at 15 rooms/cars. Once the rooms are taken, the tour will be considered full. Reservations may be cancelled without penalty until September 2. Please call the Econo Lodge directly at 906-789-1066 to make your reservation.

A gathering place for the drive to Escanaba on 9/23 is TBD, but will likely be early afternoon on Friday, somewhere slightly north of Green Bay.

The general tour route for Saturday, 9/24, will be to travel north to the Marquette, MI, area, then eastward to Munising and Grand Marais. From there, we will turn south and go through Seney, then turn west and return to Escanaba. More specific details will be shared in late summer.

Sunday, 9/25, is a home Packers game. If you plan on attending or watching the Lions lose (game time is noon), Escanaba is about a 2 hour drive from Green Bay, so you could get up early on Sunday to return to GB, and still have plenty of time to tailgate and see the game.

This tour is for Fox Valley Region PCA members only, and you must be driving a Porsche to participate.

Once you have made your motel reservation, please e-mail Laura Prellwitz at lprellwitz@att.net so she can keep a roster of names and tally on remaining rooms available.

PCA Fall Social at the Benz's

We would like to invite all Fox Valley Region PCA members and their families for
a Chili and Bonfire social
on Saturday, October 1st from 4:00pm to ??

FVR-PCA Board meeting will precede the social gathering and
will convene promptly at 2:00pm.

We provide the chili, fixings, snacks and Smores, You provide your own beverage.
Our bonfire pit is located a short walk through the woods on our property so we ask that
each member also bring chairs to sit next to the fire and proper footwear for walking to
and from the fire pit area.

All members are encouraged to bring their Porsches, weather permitting. We have a long
driveway where we can line up the cars along both sides of the driveway and hopefully
get a great picture for the newsletter.

In the event of poor weather conditions, we will gather in our bar/game area or garage.
Please RSVP to tbenz@onesourcetek.net no later than September 25th

FVR ID Badge Update

New Fox Valley Region ID Badges are available!

Discussion on various proposals for updating the Fox Valley Region ID badges has been underway since late in 2013, and the FVR board has recently approved the design shown below. If you have the older name badges and you are happy with them, they will be just fine, updating to the new ones is completely optional. If you would like to update to the new design which will be our standard ID badges going forward, the new badges will be printed plastic laminate cards, featuring the PCA and FVR logos, member name, with first name in large, easy to read letters. The background image is the Porsche 919 hybrid featuring the new livery design based on the Porsche Intelligent Performance theme. The lanyards will be a repeating pattern as shown below, the badges will also include the option for magnetic attachment.

The package will be one badge, one lanyard, and one holder for \$10.00 plus shipping.

Send request for ordering to Jim Janes at jrjanes@omscom.com.

The Learning Curve

Larry here. As I said last issue, I'm a huge Geek. With that comes a love of all things technology related. When doing research last week on the new Porsche Panamera I came across an article about the car's InnoDrive system. This system included adaptive cruise control, which can automatically accelerate and slow the car based upon information gathered from forward-mounted radar and digital cameras. It can also use navigation technology to make the car more efficient. This system can look down the road up to 1.8 miles (3 kilometers). By doing that they system can use the data to calculate throttle position, brake pressure and transmission gear for the road ahead. Talk about some great technology. I can almost hear Captain Kirk yelling to Scotty that he "Needs more Power". Despite not having Mr. Scottie at your beck and call, Porsche did decide to add a 12.3" touchscreen so that all your favorite driving settings can be setup and customized. Who needs an Engineering crew?

So drive well, and prosper...
