Your Porsche history lesson for the month:

The 901

In September 1963, Porsche presented the Porsche 901 at the IAA in
Frankfurt as a successor to the Porsche 356.

Series production of the 901 began in September 1964.

When Porsche presented the vehicle at the Paris Motor Show in October
of that year, the French car manufacturer Peugeot objected to the model
designation. The reason: Peugeot had patented a three-digit type desig-
nation with a zero in the middle.

Porsche therefore renamed the 901 as the 911. This combination of num-
bers is the same as the emergency number in the USA and was therefore
already well known in this key market for Porsche. 82 units of the 901
were produced before the name change.

President's message: Porsches and Pastries kicks off

Well another January has passed by with the new "normal" mixed bag of weather. The Tech Session at Total Package Detailing was well attended by 27 members. The session was interesting and timely with the sloppy, salty roads we deal with during the winter months. Matt's passion for detailing was clearly evident. Check out Todd's write-up on the event in this issue.

Our next event is the new member Meet and Greet on Feb. 4 at the Graystone Ale House. This year we will have a guest speaker from Kwik Trip talking about the importance of Top Tier gasoline usage in our vehicles. On Feb. 15, Dee and I will be hosting the season kick-off of Porsches and Pastries from 10 a.m. to around 11 a.m. at Babycakes in downtown Marquette MI. Following that we will go down to the marina to watch some of the Midnight Run sled dog teams cross the finish line. RSVPs are not required but if you want to email just in case you may drop by, feel free to drop me an email at sstamnes@netnet.net.

New events are added regularly so check the website often.

Our webmaster has begun to highlight the new events right on the home page so you shouldn't need to dig thru the calendar to try and find what's new.

Speaking of events, the Milwaukee Region is celebrating their 60th Anniversary this year and have several events planned all year long. The Milwaukee Region has extended an invitation to the Fox Valley Region membership to attend these events. As they announce events, they will be posted on the website calendar as well as being published in the current Whaletales. If you have the chance, why not attend an event with them? Reaching out and attending events in other regions really opens up your club membership as you get to meet and mingle with other PCA members that you may not have had a chance to meet otherwise. Watch the home page on the website for announcements as new events are posted to the region calendar.

Until next month, be safe!

New member meet and greet night at Graystone Ale House, Feb. 4

All members and guests are invited to join us on Tuesday, Feb. 4, at Graystone Ale House in De Pere for a casual dinner and a good time.

This is an annual special event which gives an opportunity for new members and their significant others to get to know other new FVR PCA members, as well as old timers who have been around the club for a while. We were all new members at one point, and understand the importance of a warm welcome – especially during a Wisconsin winter!

Social time at 5 p.m. for cash bar. We will be seated for dinner at 6:30 p.m. After we order off the Graystone's extensive menu for dinner, there will be a guest speaker and drawing.

Separate bills will be provided by individual/couple. We have a side room booked.

Graystone Ale House, 3711 Monroe Rd., DePere, Wis. 920-347-2727. (Google map link below)

Graystone Ale House is just 2 miles south of 172, with easy access by taking the Monroe Road exit south.

Please send your RSVP to Mary and Jim Haen at mehaen@sbcglobal.net **by Feb. 1** so we have a general head count for adequate seating. Several of our group have Cayennes and Macans or other winter-road-worthy vehicles, so weather isn't usually an issue. If weather gets in your way after you've RSVP'd, please err on the side of safety, it is Wisconsin winter. We hope to see you there.

All about fuel: Guest speaker for Feb. 4 dinner

Joining us on Feb. 4 will be John McHugh of Kwik Trip corporate staff (weather permitting). He's coming all the way from La Crosse, Wis., Kwik Trip corporate HQ, to talk to us. He will take the floor for a few minutes to help us understand care and feeding of the fuel system of our Porsche automobiles and other fuel thirsty toys. After all, Top Tier labelled gasoline is clearly recommended in the owners' manual by Porsche, GM and other fine autos...and readily available at Kwik Trip throughout the region.

PCA Spotlight: First look at The Brumos Collection automotive museum

Feb. 15 Porsches and Pastries — Marquette, Mich.

Shaun and Dee Stamnes (region president and region membership/social chair respectively) are planning an informal get together in Marquette, Mich., on Feb. 15. Here are the details:

Date: Saturday, Feb. 15

Time: 10 a.m.

Where: Babycakes, 223 W Washington Street, Marquette, Mich.

All are welcome. Bring a guest. Who knows? Perhaps some of the region members who live in northern Wisconsin will join us too.

RSVP is not required. Questions? Contact Dee at dstamnes@netnet.net

Meet Steve Groddy, dealer liaison

Steve Groddy succeeds Bob Dean as the region's liaison with our local dealer, Porsche of the Fox Valley. "I have had an obsession with cars since I was a young child. I would pore over any new car brochures that my dad would bring home and I would read the owner's manuals of my parent's cars cover to cover during family trips. A trip to the local car dealership was always one of my favorite activities....and it still is," Steve said.

"My first enthusiast-type cars I had were a Triumph Spitfire and later a Triumph TR6. While my wife and I were stationed in Germany I developed a taste for BMW...we had a 1982 BMW 320 (European Spec) and a 1990 325is that we picked up at the factory.

"Once we were settled back in Wisconsin and our children had grown I purchased my first Porsche a 1979 911SC (the car was set on 'self destruct'). Later I owned a 2008 Cayman and then a new 2015 Cayman. I currently own a 1987 944 and a 2013 Box-

ster S. The 944 is Zermatt Silver and had 27,000 miles on it when I purchased it in 2016. I purchased the Agate Grey Boxster S at a Cars and Coffee at Bergstrom in July of 2019.

"One of my favorite vacation activities is attending driving schools. I have attended several driving schools including Mazda, BMW, Audi, Mercedes AMG, Bob Bondurant, and of course Porsche.

"I truly believe that a active relationship between PCA

Steve Groddy's 1987 944 in Zermatt Silver

members and the local Porsche dealership is mutually beneficial and I look forward to promoting this," he concluded.

June 26 — five events on tap at Road America

The Milwaukee region is celebrating its 60th anniversary this year and region members have planned a spectacular series of events to take place on June 26 at Road America.

Fox Valley region members are invited to join in the fun.

Here are the details:

June 26 offers several options for region members.

1. Participate in the Driver Education, DE. Novices are paired with instructors. Drivers are placed in run groups according to their track experience. This event fills fast so sign up early.
2. If you do not want to do the DE, you can participate in a follow-the-leader drive from somewhere in Waukesha or Washington County to Elkhart Lake. Participants will be notified of the starting point by tour leader Jim Lindenberg.
3. Road America will offer a Sunset Cruise, a tour of the track at touring speeds (not DE speeds).

4. A buffet dinner at the track.

5. Raise funds for Hunger Task Force, the Milwaukee region's designated charity. Donate \$25 or more and you will receive a commemorative T-shirt.

Sign up for any or all of these at the link below. Note, if you sign up for the DE, you won't be able to do the follow-the-leader drive to Elkhart Lake as you need to be at Road America early in the day. But, you can sign up for the Sunset Cruise (who doesn't want more time driving the 14-turn road course?), the buffet dinner and the fundraiser.

Register for any or all of these events here: <https://www.motorsportreg.com/events/pca-milwaukee-de-2020-road-america-884783>

Porsche posts record U.S. retail sales in 2019

Porsche AG announced in mid-January that December retail sales rose 15.8 percent from a year ago to 4,733 vehicles. For the full year, the total was 61,568 or a gain of 7.6 percent from 2018 – marking 10 consecutive years of annual growth. The record goes hand-in-hand with new highs in customer experience. For the first time, Porsche ranked no. 1 in two key J.D. Power Studies in the same year: the 2019 Customer Service Index and 2019 Sales Satisfaction Index.

December retail sales were led by the latest generation of the Cayenne, up 7.2 percent from a year ago, and the refreshed Macan, which gained 24.5 percent in the same period. The Panamera also enjoyed year-end demand, gaining 78.3 percent in December from the same month last year.

Porsche Approved Certified Pre-Owned (CPO) sales in the U.S. totaled 2,681 vehicles in December, up 17.7 percent year-over-year. For 2019, CPO sales were up 8.9 percent with 25,102 deliveries.

Detailing session continued

Fox Valley Region members participated in a tech session in January hosted by Total Package Detailing in Little Chute, Wis. Matt Norton, the owner, demonstrated for the 26 members and one guest who attended how the pros detail a car. Todd Benz, vice president and immediate past president, brought in pizzas, sodas and water for all to partake as they socialized before the session started. Benz also volunteered his 2013 Cayenne S as the demonstration vehicle.

Norton started by discussing some of the car washing do's and don'ts that we are all guilty of.. Norton explained that he likes to use foam cannons which he demonstrated with a power washer and explained the techniques on how to use several different products. Norton then went on to show the two-bucket wash process and how to properly clean wheels.

There was also some hands-on participation by the group in the different phases of the tech session including the proper way to clay bar a vehicle and the drying process using microfiber drying towels and a leaf blower to remove water in those hard to reach spots that don't drain well.

The evening concluded with door prizes donated by Benz, Norton and other members. Benz presented a 2020 Porsche calendar donated by Bergstrom Porsche of the Fox Valley to Norton for graciously hosting this event.
