President's message: Exciting news to share

Well this past month finally brought some relief for the club members to get out and enjoy each other's company.

The new Spring Opener was a big hit. We had 22 members attend and everyone maintained a social distance that they felt comfortable with. The weather could

not have been better and everyone enjoyed a nice relaxing afternoon just visiting with each other, something that has been missed since the pandemic hit.

Two weeks ago Dee and I made a sudden and impromptu trip to Detroit, Mich., to pick-up our new addition. No it's not a new Porsche. We adopted a 3-year-old Cocker Spaniel whose owner was re-homing him since she recently went back to work and is home very little each week. We were very happy to get him but I don't recommend the trip. Fifteen hours on the road was killer but I did notice one interesting fact. Saw more Porsches on the road on that trip than I have seen in a long time on other trips. It is nice to see the marque growing which means there is room to grow the club membership.

The last thing I wanted to touch on this month was the exciting news that our region recently was notified about. If you haven't heard already we had two exciting items recently that I hope everyone will be as excited about as I am.

First, The Fox Valley Region's own Todd Benz has been selected to be the PCA National Secretary for the 2021-2022 term. Although Todd will not be able to fill any region roles this is a great thing for Todd and I hope all of you will join me in congratulating him the next time you see him.

The second and even more exciting bit of news is that the 2021 Fall Treffen will be held in Wisconsin and will be jointly hosted by the Fox Valley Region and the Milwaukee Region. The tag line for the Treffen is: Treffen at the American Club, Touring the Autumn Colors of Wisconsin. The dates are Oct. 13-17. Attendees will come from all areas of the U.S. and Canada and will enjoy several driving tours, socials and meals. Treffen's do not include any competitive events.

As the tag line indicates the Treffen will be held at the American Club in Kohler. Many volunteers will be needed so if you would like to help out for some of the time or during the entire event, please email me and I'll get you on the list. We are still early in the planning stages but we need to start thinking about this now because before we know it the event will be upon us.

That is about all for now. As always, be safe!

Welcome to our new members

Tracy Ramsey of Crivitz joins PCA and the region with his 2012 Cayman R. Platinum Silver Metallic w/Black interior (Alcantara). "It is prepped for track use. Half cage, 6 pt. harnesses, data logger, TPC adjustable swaybars F&R, GT3 lower control arms, GT3 brake master cylinder, GT3 throttle body, GT3 brake cooling ducts, SS brake lines. And some other small things. All this and only 32000 miles," he said.

He picked it up in Maryland on June 17.

"I decided about a year ago that I was going to buy a Cayman S. For the past year I've been searching for one that was optioned out with all the good options for using on track as I am planning on running the 2021 One Lap of America with the car. It ended up being quite the unicorn to find but I actually did find one in Texas that I was going to purchase, but it had a damaged rocker panel, and basically no modifications. Then in early June a friend of mine shows me the Cayman R. It was a bit pricier, but with all of the mods already done, I feel I came out in the plus.

"I love performance. Not just power of an engine, but great handling in a chassis. I've owned different sports cars in my life, but none are the 'complete package.' Mid-engine, balanced chassis, respectable power without overpowering the chassis, plus the looks and the amazing sound of that flat 6...yes please," he concluded.

What we're driving

By Robert Hawley

In April 1967, the 100,000th Porsche, a 912 Targa, was delivered to the Baden-Wurttemberg state police department complete with an engraved plaque. When I studied in a small village in the state of Baden-Wurttemberg two years later, I learned that the entire police force consisted of two officers and one white Targa. It had to be the best job ever. Every morning five days a week they would arrive in the building next to our classroom, stow the roof, grab a coffee, fire up the '69 Targa and proceed at warp speed out of town (population 3,500) never to be seen again until 6 p.m.

I finally knew at the time why I was studying so hard at the Lawrence University German campus, in order to someday buy one of those unbelievable works of art.

Being only 30 minutes from Stuttgart, there were many opportunities to lust and gawk at the multi colored Porsche offerings of the era while we hit the road hitch hiking to various destinations.

Needless to say four months after law school graduation a 1967 Irish green 911 was in my garage. I loved that car for two years; alas it was not a sufficient living space for a growing family. I sold it for a down payment on a house. Fortunately I wasn't a total idiot as I made \$200

on the sale and bragged about that for 10 years until I became ashamed and remorseful.

Twenty eight years later Jen and I began our search in earnest. When we married conveniently about that same, we both had our own houses. The inconsequential fact her garage was twice as big as mine had nothing to do with my proposal; she says otherwise.

We have only strayed once from the air-cooled world and as I write this we have six. The hopeful seventh is stuck in Canada awaiting logistical maneuvers to cross the border. Our collection of seven consists of a 356, two 914s, three 912s and a '79 911 Targa in full police decor (kidding).

No I don't have a favorite and yes every car is driven every week seasonally. Jen is as passionate as I am and dare I say is equal if not better with a manual.

We have been fortunate not only to make great friends locally in the Porsche but also across the globe. Once travel becomes more safe our next stop is Germany, with the required Porsche destinations.

Jen promises not to interrupt me as she suffers through my college stories when I reconstruct those sights, sounds and smells decades old of Porsches twisting through those narrow streets.

The restaurant industry has an outstanding track record of protecting our employees and guests. To ensure everyone's safety as we welcome you back into our dining rooms, we ask that we make the following promises to each other:

OUR PROMISE TO YOU

- We will continue to be a leader in food safety and sanitation practices where all of our team is trained in safe food handling practices and a Certified Food Protection Manager is scheduled for every shift.
- All staff will pass a health check or complete a health survey prior to each shift.
- All indoor and outdoor seating options will comply with the appropriate social distancing guidelines.
- Hand sanitizer or hand washing stations will be available upon entry and exit.
- We will clean and sanitize common areas regularly.
- All tables and chairs will be cleaned and sanitized after every use.
- Place settings, utensils, menus, and condiments will either be single-use or will be cleaned and sanitized after every use.
- We will post the Wisconsin Restaurant Promise at our entrances so everyone understands the steps we must all take to keep our communities safe.

YOUR PROMISE TO US

- If you have been exposed to COVID-19 recently or have symptoms of COVID-19 (including a fever, cough, or shortness of breath), please help us keep everyone safe by using our contactless delivery options.
- If you have underlying health conditions or are otherwise concerned about contracting COVID-19, please feel free to use our contactless delivery options.
- While waiting and dining, you will follow and comply with the appropriate social distancing guidelines.
- If you have any questions about the Wisconsin Restaurant Promise or our practices, please ask for a manager who will be happy to assist you.

More about the Wisconsin Restaurant Promise:

In partnership with the Wisconsin Restaurant Association and health officials across the State, restaurant owners and operators make the commitments above to earn this endorsement during the COVID-19 recovery period. When customers see this endorsement, they can be certain that the restaurant is taking all necessary steps to protect their employees and customers and is committed to playing a leadership role in protecting our communities. For more information, please visit www.wirestaurant.org.

Photo of the month

Randall Johnson, Neenah, Wis., took this photo of his Tangerine 914-6, seen near Green Lake, Wis. "Happy to be back after a first-place award at Werks Reunion in March 2020, Amelia Island Fla." The event featured 50 years of the 914.

Special thanks to Dave Treichel and team, Zero to 60, Sherwood, Wis., for a great restoration of this original 914-6, and Gordon Skog and team, Auto Clinic, Neenah, original engine rebuild.
